**Please Do Not Feed the Medium Plus Demonstrations and Q&A  
by Robert Brown**

From Edgar Cayce's A.R.E. Annual Reincarnation and Soul Life Conference May 5-7, 2017 Virginia Beach, Va. *There Is No Death: Our Everlasting Soul Journey from Life to Afterlife and Beyond.*

Jeffrey Long, M.D. has scientifically studied over 4000 near-death experiences (NDEs). Presenting powerful evidence of an afterlife, he will share his groundbreaking investigation of the content of NDEs that address humankind's "Big Questions" which include: Does God exist? Is there an afterlife? What is the meaning and purpose of earthly life? This is the largest scientific investigation of sequentially shared experiences addressing these questions through NDE research ever reported, and it does not seem explainable by pre-existing cultural or religious beliefs. Join us for a fascinating presentation that combines science with spirit.

Robert Brown was born a medium, and is known as the medium of mediums since he has taught and consulted with many. He has traveled and demonstrated all over the world.
